we believe that »

luxury is not just a concept, but a way of life...

With a passion for innovation and an unwavering commitment to engineering excellence, our team of professionals works tirelessly to create heating solutions that not only meet the highest industry standards but also cater to the unique demands of a luxury lifestyle. Our products are meticulously designed, crafted, and tested to provide exceptional performance, energy efficiency, and reliability, allowing you to enjoy the epitome of luxury in every aspect of your life.

Join the EAUCHAUFFAGE family and experience the difference. Together, let's create a brighter future while enjoying the comforts of today.

At EAUCHAUFFAGE

we take pride in being a leading Canadian brand that brings together the perfect fusion of elegance, functionality, and environmental consciousness. With a strong focus on family well-being, energy efficiency, and clean water solutions, we are dedicated to enhancing your everyday life through our exceptional water heating products.

Environmentally Conscious:

Preserving the environment is at the core of our philosophy. We are committed to reducing our carbon footprint and promoting sustainability. Our water heaters are designed to optimize energy efficiency, minimizing wastage and maximizing savings. By choosing EAUCHAUFFAGE, you contribute to a greener future for generations to come.

Motion with Purpose:

Our brand is in constant motion, driven by a passion for creating innovative solutions that elevate the water heating experience. We understand the importance of family and the valuable moments shared, which is why our products are designed to provide optimal comfort and convenience for your loved ones.

Clean Water Solutions:

We understand the significance of clean and pure water for your family's health and well-being. Our water heaters incorporate advanced clean materials, ensuring that every drop that reaches your tap is free from impurities and contaminants. Enjoy the peace of mind that comes with knowing your family has access to safe and clean water.

Luxurious Comfort:

Immerse yourself in a world of luxury as our water heaters seamlessly blend with your upscale lifestyle. With meticulous attention to detail and cutting-edge technology, our products offer unparalleled comfort, ensuring that every shower or faucet moment becomes an indulgent experience.

Embrace a New Standard:

EAUCHAUFFAGE sets a new standard for water heating, where style, functionality, and eco-consciousness intertwine harmoniously. We invite you to discover a world of luxury, where your family's comfort, environmental sustainability, and clean water are our top priorities.

At EAUCHAUFFAGE we believe

Each of our water heaters is meticulously crafted to deliver exceptional performance, superior efficiency, and unmatched reliability. With customizable specifications, we ensure that our products meet the unique requirements of our clients, providing tailored solutions for their specific needs.

Whether you need a water heater for your luxury residence, hotel, or commercial establishment, our product range offers a comprehensive selection to suit various capacities and applications. Experience the pinnacle of quality, comfort, and energy efficiency with EAUCHAUFFAGE water heaters.

- ▶ Energy-efficient design for reduced energy consumption
- ▶ High-quality components for long-lasting performance
- ▶ Environmentally-friendly operation for a sustainable lifestyle
- ▶ Customizable specifications to meet client requirements
- ▶ Exquisite design with a focus on luxury and elegance
- ▶ Advanced heating technology for fast and efficient water heating
- ▶ Smart controls and customization options for personalized usage
- ▶ Energy-saving features for cost-effective operation

SPECIFICATION

- Rated Voltage: 220V~240V
- Rated Frequency: 50Hz/60Hz
- Rated Power: 2000W
- Temperature Range: 30-75°C
- Rated Pressure: 0.7MPa

Capacity (L)	30L	50L	80L	100L
Product size (mm)	535*260*500	735*260*500	535*260*502	535*260*503

Inner tank Material	Stainless steel: 316/304
Body and cover material	White Metal
Rated voltage	220~240V
Rated current	50Hz:2.7A;60Hz:2.9A
Rated refrigerant power	50Hz:450W;60Hz:500W
Temperature range	10°C-75°C
Refrigerant model	R134a 135g
Rated heating power	1300W
Max pressure of tank	1.2 MPa
Annual energy consumption	1595kWh
Capacity (L)	50L
Product size (mm)	426*426*870
Packing size (mm)	480*480*970

SPECIFICATION

- Rated Voltage:220V~240V
- Rated Frequency:50Hz/60Hz
- Rated Power:1500W
- Temperature Range:30-75°C
- Rated Pressure: 0.7MPa

Product name	Solar Photovoltaic Water Heater
Mounting type	Vertical or Horizontal
Control panel	Mechanical or Digital or WIFI
Power	2000w
Tank capacity	30L 50L 80L 100L150L
Effluent temperature	30-75°C
DC power cable	2*2.5mm ²
Heating mode	Photoelectric dual-purpose
Body shell color	White
Temperature of DC control	65°C ON 75°C OFF
